GENERAL INFORMATION

The Extension Division of the University of Windsor is an integral part of the educational program of the university. It is organized to serve those members of the Windsor community and its environs who are unable to attend as full-time students. Extension students can begin a college education, continue previous programs, improve their knowledge and skills, as well as study for self improvement or avocational interests.

The courses offered are of the same caliber as the day program, and are interchangeable at any time according to the needs of the students. Degrees and Certificates are granted by the University, regardless of whether the classes were attended in the Extension Division or as full-time or part-time day students.

RESIDENCE AND LENGTH OF COURSE

The number of years of attendance required for the attainment of any degree is as indicated in each program. This time may be reduced at the discretion of the Committee on Admissions through the transfer of credit from another university. In each case attendance at intramural classes for at least one full academic year or the equivalent (three Summer Sessions or three Winter Sessions part-time, or a combination of these shall be required.

In the case of programs leading to undergraduate degrees, a candidate may be excused attendance for not more than one full academic year (5 courses) through the transfer of credit obtained by correspondence courses.

Transfer of Credits

Of the 16 courses (beyond Grade 13) necessary for the general B.A. degree, the University may accept a maximum of 11 courses by transfer from another approved university or college, provided such courses are comparable in content and weight to courses given here. No more than 5, however, of these 11 courses may have been completed by correspondence.

At least two of the subjects constituting the student's major must be taken at the University of Windsor, regardless of the number of such subjects the student may have completed elsewhere.

CLASSIFICATION OF STUDENTS

An Adult Student is one who lacks the regular admission requirements, and who is twenty-one years of age by December 31 of the year of application, and who has been out of full time formal Secondary School studies for three years or out of Grade 13 for two years. A student in

this category may be admitted to First Year on probation; prerequisites for a specific program are to be made up by additional courses or private study. The applicant's birth certificate must be submitted with his application.

An Audit Student is one who is admitted to a credit course simply as a "listener", and not for credit. He is not obliged to do the assignments and is **not** permitted to write the examination. In the event that an Audit Student writes the examination contrary to this regulation, the mark submitted by the examiner will not be entered on any university record. Students registered in this category must sign the following declaration:

I, the undersigned, understand that the courses which I am taking as an audit student cannot count towards degrees or diplomas issued here or elsewhere, now or in the future.

A Conditioned Student is one who, in any year, does not have standing in a required subject or subjects of a preceding year. He may not take more than 6 other courses as long as these conditions remain. (See page 26, "Limitation of Course Selection".)

A Full-Time Student is one who is registered in four or more full undergraduate courses.

An O.C.E. Up-Grading Student is one who is a college graduate, taking courses for certification by the Department of Education.

NOTE: Any teacher wishing to use the courses listed in this calendar for credit toward the academic requirements for Endorsement or Type A must write to the Director, Advanced Academic Requirements, Ontario College of Education, 371 Bloor Street West, Toronto 5, Ontario, for an official ruling on his standing, in order to ensure that the courses in which he wishes to enrol will meet the requirements of his own academic programs.

This permission must be obtained **EACH** time the student wishes to take a course for upgrading purposes.

New students should not wait for approval from O.C.E. before requesting application forms.

Some courses are listed in the calendar at the general level. For purposes of upgrading teaching certificates, these courses may be taken at the honors level, but only with the **written** permission of the Head of the Department.

A Probationary Student is one who is placed in that category either by the Committee on Admissions or the Academic Standing Committee of his Faculty.

A Provisional Student is one who is allowed to attend class while his application is incomplete or under consideration by the Committee on Admissions.

If the file is not complete by the last day of registration, or if the student is not eligible for admission as a credit student, he will be allowed to continue on a non-credit basis only, as an **Audit Student**. (See "Audit", page 10.

A Regular Student is one who has satisfied all the admission requirements and is pursuing the course program as outlined in the calendar.

A Repeating Student is one who is so classified as a result of his performance in his last year of attendance. A student in this category must obtain passing grades in all his subjects or an overall average of 60%.

A Special Student is one who is taking courses for credit but not proceeding to a degree at this University.

A Transfer Student is one who wishes to transfer his credits (at any level) to the University of Windsor from another college or university.

A Transient Student is one who is taking a course for credit at the University of Windsor with the **written** permission of the Registrar of his home university.

COURSE LOAD

Under normal conditions, a student may take no more than the equivalent of two full courses in any one session, Night or Summer. If a selected subject is at the honors level (with the exception of Business Administration subjects), the student is limited to one full course. Any exception must have the approval of the Head of the major Department.

WITHDRAWAL AND REFUND

READ THIS! IT MAY SAVE YOU MONEY! IT MAY PREVENT YOUR GETTING AN UNDESIRE "F" ON YOUR TRANSCRIPT!

Non-attendance or notification of the instructor does not constitute withdrawal from classes. An Extension student desiring to discontinue any or all classes for which he has enrolled must notify the Extension Office. This must be done in person. If this is not possible for any reason, the withdrawal can be made by sending a Registered Letter to the Extension Office, indicating the reason for withdrawal. You must also include the receipt form received when fees were paid. If you withdraw totally from the university, you must also include your I.D. Card. When the withdrawal is made by letter, the effective date of withdrawal will be the postmark date.

Should a refund be in order, the Cashier's Office will remit a cheque in due course.

FAILURE TO WITHDRAW IN THE REQUIRED MANNER AS INDICATED ABOVE WILL RESULT IN AN AUTOMATIC FAILING GRADE AND IN FORFEIT OF ANY REFUND TO WHICH THE STUDENT MIGHT OTHERWISE BE ENTITLED.

ACADEMIC INFORMATION

Counseling

NO DETAILED COUNSELING IS POSSIBLE DURING REGISTRATION. IF YOU NEED ADVICE OR WISH COUNSELING, MAKE AN APPOINTMENT WELL IN ADVANCE OF REGISTRATION.

IN FACT, COUNSELING SHOULD BE A PART OF THE COURSE SELECTION AND APPROVAL SESSION SPOKEN OF IN THE INTRODUCTORY PAGES OF THIS CALENDAR.

Registration

This should not be the student's first appearance at the University. It can only be made AFTER the student has applied and been admitted and programmed. Registration can be made in one of two ways:

(a) By Mail:

To register by mail, students must complete and return the form on page 36 of this calendar. Registration materials will then be sent, along with a course approval form.

Registration by mail may not be made after **June 15** for Summer School.

When registering by mail, make cheques payable to the University of Windsor. Unless the cheque in the correct amount accompanies the completed registration forms, the registration is incomplete and **WILL NOT BE PROCESSED**.

(b) In Person:

All students who do not register by mail must present themselves for registration at one of the times listed below.

At the time of registration, **ALL** students must present evidence of their eligibility to register. This must be their Course Approval Form and their Permit-to-Register or, in the case of current students, the report issued at the last examination session.

Registration for local students will take place on Saturday, June 24 from 9:00 a.m. to 12:00 noon.

Registration for out-of-town students will take place on Monday, July 3 from 10:00 a.m. to 12:00 noon and 2:00 p.m. to 4:00 p.m.

In person registration will be held in the University Center.

Students who register after July 3 will be charged a late registration fee of \$5.00.

No student may register or add courses after Thursday, July 6.

STUDENT NUMBERS

Each student registering after July 1966 will be assigned a student number. This number will be retained by the student throughout his university career. A record of it should be kept at all times, and be used as required on the various forms which the student will be required to complete from time to time.

In the event that you lose your **I.D.** Card or other record of your number, contact the Treasurer's Office.

GRADING

The grading for individual subjects in General and Honors programs is as follows:

	General Program	Honors Program
75-100	Grade A	I Class
66-74	Grade B	II Class
60-65	Grade C	III Class
50-59	Grade D	IV Class
40-49	Grade Fx	F
0-39	Grade F	F

All grades below 50% are considered failures. If a student is permitted a supplemental examination, it is indicated by Fx.

REGULAR EXAMINATIONS AND TERM WORK

The regular examinations will be held in January, May, and at the close of the Summer Session. If a student writes more than one examination in a course, the last mark he obtains shall be the only one considered for academic credit.

The ratio of term-work marks to examination marks is determined by the teaching staff in each subject; neither term mark nor examination mark, however, will count for less than one-third nor more than two-thirds of the final grade. To pass a subject a student must obtain an average of 50% on term work and examination; his Senate Committee on Academic Standing, however, may at its discretion withhold credit if the mark in either term work or examination is below 50%.

Term work in a course will not be credited to a student beyond the year in which the course is taken.

SUPPLEMENTAL EXAMINATIONS

A supplemental examination is one allowed in a subject in which a student (who has not failed his year) has failed to obtain standing at the regular examination. This examination is held at a time designated by the Dean. A student granted permission to write a supplemental examination must avail himself of this privilege at the first opportunity and the time and place designated; if he does not do so, or attempts the examination but fails, he may not write further supplemental or special examinations in the course involved, but must repeat it in its entirety if he desires credit for it.

Applications for the August supplemental examinations must be in the Registrar's Office by **July 1**; forms for this purpose are available in the Registrar's Office. The fee for this is \$10.00 if written at a regular examination period, and \$20.00 if written at another time or place.

The final grade, after supplemental examinations, will include the term mark for the year. The final mark so obtained replaces the original final examination mark in calculating the student's grade.

Only four supplemental examinations will be allowed in the sixteen courses required for the general Bachelor of Arts degree. They will be distributed as follows: **two** in the first six courses, **two** in the remaining ten courses. If a student fails any course after the four supplementals have been written, the subject must be repeated, or another course substituted.

SPECIAL EXAMINATIONS

A special examination is an examination other than the regular or supplemental examination, permitted by the Dean for a grave reason and after special application. No special examination may be assigned except on the recommendation of the Head of the Department concerned, after consultation with the instructor involved.

A student who fails to appear for a paper at the time set on the examination timetable will not be allowed to write on the examination paper thus missed, but may be permitted to write a special examination upon fulfillment of the conditions indicated in the above paragraph at a time determined by the Registrar after consultation with the Department and Instructor involved. The fee for a special examination is \$10.00 if written at a regular examination period, and \$20.00 if written at another time or place.

FAILURES

A student in the General or Honors program who fails to obtain 50% in the regular examination, or who subsequently fails the supplemental examination, or who does not write the supplemental examination, will not be eligible for re-examination without a further year's attendance at the lectures in the subject in which he has failed.

A subject may be repeated once only.

Subjects which depend directly upon the work of a preceding year may not be taken by a student who has failed in the work of the preceding year.

An Extension student who fails a prescribed course (i.e., after writing the regular or supplemental examination) must repeat that course at his next session of attendance, if the course is offered.

If a student fails two out of any consecutive six courses, or has less than a 50% average on the six courses, or has a low major average, his case will be considered by the Academic Standing Committee of his Faculty.

A student who has not officially withdrawn from a course and does not write the final examination, will receive a failing grade in that subject and will not be entitled to further examination without repeating it.

If such a course is a **required** course, the student must repeat it at his next session of attendance, if the course is offered.

APPEALS

(a) Aegrotat Standing:

A student who wishes to receive consideration on account of serious illness or bereavement or other grave reason prior to or during the examination should communicate with the Extension Office before the close of the examination. Documents in support of this appeal (e.g., a medical certificate) must be submitted to the Extension Office within a week of the close of the examination period. In such cases the Committee on Academic Standing may grant standing in the subject or subjects concerned on the basis of the term mark alone.

(b) Other Appeals:

While all papers in failed subjects are re-read before the grades are submitted to the Registrar's Office, and every care is taken to record marks accurately, any student who considers that some factor affecting the final mark on the examination was not considered by the examiner, may appeal to have the subject reviewed. This request should be submitted in writing to the Registrar's Office within two weeks of the official publication of student grades, together with a fee of \$10.00. In the event that the grade is changed as a result of the appeal, the fee will be refunded.

Appeals should be addressed to the Secretary of the appropriate Faculty, and sent to the Registrar's Office.

GRADUATION

Registration in any program does not constitute an application for a degree or diploma.

An official application for graduation must be filled out and filed in the Registrar's Office 30 days prior to the Convocation at which the applicant hopes to graduate.

In cases in which credit is sought for work done elsewhere, official transcripts or other documentary evidence required by the Registrar's Office, not already submitted, must be conveyed to the Registrar's Office prior to the same date. Failure to comply with these regulations will disqualify the student for graduation at the Convocation concerned.

Each prospective graduate must be present in person at Convocation in order to receive his degree or diploma, unless excused for a serious reason by the Dean, and unless arrangements have been made with the Registrar to receive the degree in absentia.

TRANSCRIPTS

Students wishing to order transcripts should contact the Registrar's Office.

LIBRARY SCIENCE

Every student entering the University of Windsor in Preliminary or First Year is required to complete satisfactorily a course in Library Science except those who have completed similar work at Teacher's College and submit their Teaching Certificate.

FACULTY OF ARTS AND SCIENCE

BACHELOR OF ARTS

ADMISSION REQUIREMENTS

The following are the requirements for regular admission. Students lacking regular admission requirements may be admitted under special conditions (see page 21).

Admission To Preliminary Year

The University offers a Preliminary Year which consists of a full year of study equivalent to Grade 13 of the Ontario High Schools or to First Year of those universities which have a four-year General Course. For the program of courses and academic regulations, see pages 22-23.

(a) From Ontario Grade 12:

Completion of the work required for the Ontario Secondary School Graduation Diploma in the General Course, or equivalent certificate, with an average of at least 65% in the subjects of Grade 12 taken in one year. The following are the required subjects for admission:

English, History, Math, Science (Physics and Chemistry),

French or additional language, any other option.

Although both Physics and Chemistry are required for admission, only the science taken in Grade 12 will be included in the required average.

No option may be counted more than once. For the Music option the following certificates will be accepted: Grade III Theory, OR Grade VII Practical and Grade II Theory.

(b) From Outside Ontario:

An applicant who has completed High School work in Canada outside Ontario should submit the Departmental or other official certificates (originals) to the Committee on Admissions for a decision regarding eligibility for entrance.

Graduation from a **U.S. High School** will admit to the Preliminary Year provided the applicant has completed at least 16 academic units (8 of which should be B grade or recommending grade), including 4 units in English, and sequences (at least 2 and preferably 3 units) in each of Math, Science, Social Studies and one foreign language. In addition, the applicant should have at least four academic subjects in Grade 12 with at least a B or recommending grade in three of them.

The applicant, in addition, must receive a favorable recommendation from his High School Principal, must obtain a score satisfactory to the Committee on Admissions on his aptitude tests, and should rank in the upper half of the class.

Highly qualified applicants from the U.S. will be given final acceptance after the first term marks of the final year of High School have been received, if the applicant meets the admission requirements at that time, provided that the graduation certificate is presented.

An applicant from **Latin America** must present a certificate showing satisfactory completion of the bachillerato necessary for admission to university in the applicant's own country.

Admission To First Year

Admission to First Year of the University is obtained in one of the following ways:

(a) From Ontario Grade 13:

The general admission requirements to First Year is a minimum of four subjects and at least seven credits in Grade 13. A 60% average will be required of those having a minimum of eight credits and 66% will be required of those having seven credits. (Please note that these are **minimum** requirements).

The credit value of Grade 13 subjects:

Math AB = 3; English, all languages and Math A = 2; all other subjects = 1.

Although Grade 13 Math is not required for admission to certain programs, Math of Grade 11 and 12 is normally required.

(b) From Preliminary Year:

The satisfactory completion of the Preliminary Years prepares a student for admission to First Year of Arts, Science, Nursing, Engineering or Commerce, provided the proper subjects are chosen.

(c) From Outside Ontario:

An applicant who has completed High School work outside Ontario should submit the Departmental or other official certificates (originals) to the Committee on Admissions for a decision regarding eligibility for entrance.

The General Certificate of Education of Great Britain (or an equivalent certificate from elsewhere in the Commonwealth) will admit to the First Year provided it indicates satisfactory completion of 5 subjects at the Ordinary level (three of which must be English, another language, Mathematics) and two subjects at the Advanced level, provided the Advanced level subjects are appropriate to the course to which admission is sought.

Special Admission

Students lacking the regular admission requirements as outlined above may be admitted to the University under one of the following:

(a) On Probation:

A student lacking the full admission requirements may be placed on probation by the Committee on Admissions. Probation is removed when the student passes his probationary period.

Students placed on six course probation must pass four of the first six courses taken and obtain an average of 50% on the six. Should the student fail his year, he will not be allowed to repeat, but will be required to withdraw from the Faculty.

An Extension student who fails to remove probation must withdraw from the university for one full year. He may then apply for readmission. If he fails a second time, he will be required to withdraw permanently from the university.

(b) Teachers' College Graduate:

Graduates of the one year program of the Ontario Teachers' College, who do not otherwise qualify for admission, may be admitted to First Year Arts on a six-course probation program.

Of the first three courses taken, two must be taken during the same session, a grade of 50% obtained in each, and an average of 60% on the two course combination. At the end of the two course session, if the required grades and averages have not been attained, the student must withdraw from the university. If the required grades and average are attained, the student may continue in Extension on probation until the six required courses have been taken. To remove probation, the student must pass six courses with an overall average of 60%.

(c) Adult Student:

A student who lacks the regular admission requirements, and who is twenty-one years of age by December 31 of the year of application, and who has been out of full time formal Secondary School studies for three years or out of Grade 13 for two years, may be admitted to First Year on probation; prerequisites for a specific program are to be made up by additional courses or private study. The applicant's birth certificate must be submitted with his application.

(d) On Trial:

A student may be accepted into a particular course program on trial; if such student shows unsatisfactory progress, he will not be permitted to repeat the same course program but will be required to transfer to another.

(e) Audit Student:

For regulations pertaining to this category see page 10.

PARTICULAR REGULATIONS FOR ARTS PROGRAM

1. The general course leading to the B.A. degree consists of 16 courses beyond the level of Grade 13 or Preliminary Year, selected in accordance with the regulations given below.
2. Every course program must include a sequence of **five** courses constituting a major or field of concentration, a sequence of **three** courses constituting a minor, and eight electives. These 16 courses are normally distributed as follows:

I Year (6 subjects):	1 major	1 minor	4 electives
II Year (5 subjects):	2 major	1 minor	2 electives
III Year (5 subjects):	2 major	1 minor	2 electives

An exception to this distribution is made for students who wish to major in Mathematics; such students select two subjects in the major field in First Year, and only three electives.

3. **Major Requirements:** A major consists of a sequence of five courses in one subject, as approved by the department concerned and outlined in the guidance chart. (See page 24.)

In selecting subjects in I Year, the student should take the subject appropriate to the major he wishes to undertake. The final choice of a major must be determined by the time the student has completed four courses.

4. **Minor Requirements:** A minor consists of a sequence of three courses in one subject other than that of the major.
5. **Electives:** Electives are subjects selected from fields other than those of the major and minor. In some cases, these may be **required** subjects (as listed below) and are, therefore, not free choices.
6. **Required Subjects:** In every course program, the following subjects must be included among the electives beyond Preliminary Year, if not already included in the major or minor:

English 15	1 course in one of the
Philosophy 15	following Social Sciences:
1 course in Theology	Anthropology Political Science
or Philosophy 22	Economics Psychology
1 course in a Natural Science	Geography Sociology
or Mathematics	History

7. **Language Requirement:** When a student begins a language other than English in the University, no credit towards a degree will be given for the first year of that language unless that year is followed by a second year in the same language.

NOTE: A student admitted to I Year of the general program from Grade 13 or Preliminary Year must take one course in a language other than English. Language A does not fulfill this requirement.

NOTE: Students, 25 years of age or over at the time of first admission, may substitute another subject for the language requirement.

8. Special B.A. Graduating Requirements: No student will be admitted to a Bachelor's degree who has not:

- (a) Obtained at least Grade D on all the prescribed and elective work of his course;
- (b) Obtained a Grade C (60%) or better in at least half of the courses in his senior year, or an overall average of at least Grade C on the work of his senior year;
- (c) Obtained an average of Grade C in all the courses in his major subject belonging to the Second and Third Years, exclusive of minor requirements.

9. Limitation of Course Selection: Students admitted to Preliminary Year, or to First Year with conditions, may not take courses beyond the First Year level until Preliminary Year has been cleared or conditions removed. (See page 10.)

CERTIFICATE IN THEOLOGY

The Certificate in Theology is a six course program and may be pursued only in the Division of Extension. At the rate of two subjects per session, the minimum time required for the Certificate is two years and one summer or two summers and one year. The student may, however, extend this period if unable to take two courses per session.

No supplemental examinations will be allowed in any of the subjects of the Certificate course.

Students must obtain an overall "C" average in the six courses to merit the Certificate.

Admission Requirements: Regular university admission (see page 19).
